About ABA Health

ABA Health is an accredited skills-based training institution that started in 2005. Over the years, the institution has assisted learners to develop industry-relevant skills, thereby gaining employment and admission into higher institutions.

We are accredited with HWSETA and ETDP SETA.

Early Childhood Development NQF LEVEL 5 (Grade R Practitioner)

Course Introduction:

The Higher Certificate is designed to provide access to higher education for many experienced and skilled ECD practitioners and trainers who do not have recognised qualifications. The purpose of this qualification is to:

1. Develop ECD ETD practitioners (e.g. home-based, centre- and school-based practitioners including Grade R, family and community ECD motivators, fieldworkers, facilitators, trainers and managers) to provide appropriate education, training and development services in the ECD sub-field.

2. Enable ECD ETD practitioners to use their knowledge of child growth and development from birth to nine years and relevant national policies to guide their professional practice in the ECD sub-field.

Upon successful completion of this course, you may register with the South African Council for Educators.
